TT's Loving Care

Inclement & Severe Weather Policy

Our approach

Your child's safety comes first. TT's Loving Care follows Metropolitan Nashville Public Schools (MNPS) announcements about weather-related closings, delayed openings, and early dismissals. This includes snow, ice, severe storms, and other unsafe weather conditions.

Closures and schedule changes

If MNPS closes schools due to weather, TT's Loving Care will also be closed that day. If MNPS delays its opening due to weather, I will delay opening by the same amount of time and confirm our opening time with families.

If MNPS announces an early dismissal due to weather, or conditions become unsafe during the day, I may close early. I will contact parents with a pickup time. Please arrange for your child to be picked up by that time.

Safety and family notification

Because conditions at my home or on nearby roads may differ from other parts of Davidson County, I may close, delay opening, or close early even if MNPS remains open. I will send families a text message as soon as a decision is made and post an update on the daycare website when possible.

Please check for my message before bringing your child to daycare during inclement or severe weather. MNPS weather decisions are posted at mnps.org/students-families/weather.

Parent / Guardian Acknowledgment

I have read and understand the TT's Loving Care Inclement & Severe Weather Policy. I understand that I will be notified of weather-related schedule changes and am responsible for arranging pickup if the daycare closes early.
